All obsessed with the taste of flesh.
(same thing said backwards)
All obsessed with the taste of flesh.
(same thing said backwards)

Even though you think your alone their always
everywhere
(pushing me, pulling me, helpin me, guidin me)
I must be insaaannneee, no their always everywhere
(guidin me, helping me, pullin me, pushin me)
futher everyday yeahhhhh their always everywhere

would you feel likeee
(your left alone)
would you get highhhh
(and try to find a zone)
its aallrighhhtt
(your not alone)
dont even cry
(because your not alone)

(some weird whispering)
("all obsessed with the taste of flesh..." backwards)

Even though you think your alone their always
everywhere
(pushing me, pulling me, helpin me, guidin me)
I must be insaaannneee, no their always everywhere
(guidin me, helping me, pullin me, pushin me)
futher everyday yeahhhhh their always everywhere

sleeping to dream
(it feels like home)
come to sleep here
(still we're not alone)
my soul is mine
(thats all i own)
dont want to waiitt
(dont wanna be alone...)

(some weird whispering)

("all obsessed with the taste of flesh..." backwards)

Even though you think your alone their always
everywhere
(pushing me, pulling me, helpin me, guidin me)
I must be insaaannneee, no their always everywhere
(guidin me, helping me, pullin me, pushin me)
futher everyday yeahhhhh their always everywhere

and you don't give a shit
(I'm seein them every day)
if they were her with you now
(and not so far away)
but now they live in a realm
(where everything is blllackkk)
and when your gone your gone
(their never comin
BBBBBBBAAAACCCCCCKKKKKKKK!!!!)

Even though you think your alone their always
everywhere
(pushing me, pulling me, helpin me, guidin me)
I must be insaaannneee, no their always everywhere
(guidin me, helping me, pullin me, pushin me)
futher everyday yeahhhhh their always everywhere
