Always listen to what they tell, dreamer
Crazy habits are a work of hell, dreamer
Dressed in black and ordinary suits, dreamer
All my life I have paid my dues, goodbye

But here I am
To go my way
But here I am
I am sick of being here to pay

Never try to understand, dreamer
What I do and what I can, dreamer
Making love in the middle of a street, dreamer
Let them talk about how we treat ourselves, that's right

But here I am
To go my way
But here I am
I am sick of being here to stay
