You do not know  
and you don't care  
and you may never learn  
I made approaches  
you gave me teeth  
and got my hope injured

Unprepossessing, that's what you say  
-don't get the essential point  
what it came down to was you ain't got nothing  
here's to the wicked and here's to the odd

You got your chance going down the drain  
you're dumping the catch of the century  
you've had your chance but you're much too vain  
to take it  
the catch of the century

Nobody's waiting cause all the world seems like  
it's already spoken for  
a host of rivals-I'm out of vogue and  
I'll be forevermore

You strut around sneer from on high  
I'm on the road again  
I'm going down with flying colors  
before I go down on somebody else

You got your chance going down the drain  
you're dumping the catch of the century  
and lady's luck got her ass in pain you're wasting  
the catch of the century
