[music & lyrics: Tobias]

In the eyes of this mighty domain and it's evil
Doctrines, can't feel a trace of romance
But fears that grow
Noone can stare into his next ones eyes
We killed the poetry around
A long time ago - AGOooh
How many times have you given me rage
When your words were mendacious
And your laughter insane, how many times
Have you written lapoons about my life
And desires, about my pleasure and pain

I bare my fangs to you, look at my face and
You'll stare into my mind and you'll see

Eyes of the tyrant - these are the eyes of the night
Eyes of the tyrant - these are the eyes of the night
Back from the hades, into the daylight
Back from the hades, into the daylight

King of tonight, tell me what should I do
Should I die in glory, should I raise my fist
The Crime of my deads is the frolic I need
I won't die on my knees, got to kill to resist

The chagrin of the damned, cry the tears of
Romance, lord of uprightness take me now
The empire of the sad, the empire of the mad
My heart died so long ago

Yeah, we are eternal, we are immortal
There is a trace of glory in our hands
Majestic and wild, we stand and we fight

Soon your blackened pride will be fading away
You'll realize you'll have been walking astray
Never tame the wicked, I'm a tyrant tonight
Back from the hades, into the light
Back from the hades into:

Uh, now here we go
