Yeah, yeah!

A dessert in the fighting sun
I feel my throat is burning
Paralyzed in long for more
Damned by vanity and yearning

Wooh oh - oh

Hey - sand is blown into my face
Brick by brick we're climbing higher
And still the sun is burning from above
We're children chained by desire

A simple of godlyness
Rising high into the sky
The work of the genius
Who's raising his own decline

We are off to the light - Heavenward
On an expedition to heaven and hell
We are off into the night - Heavenward
Sacred expedition to heaven or hell

Hey the seeker reaching for the stars
Beyond the scope of profanity
Oh and then he tries to touch the light
And fire burned his sanity away

Oh I gotta see it all
The deities I hear them
But then when you follow their call
Pride goes before the fall

We are off to the light - Heavenward
On an expedition to heaven and hell
We are off into the night - Heavenward
Sacred expedition to heaven or hell

We are off to the light - Heavenward
On an expedition to heaven and hell

We are off into the night - Heavenward
Sacred expedition to heaven or hell

We are off to the light - Heavenward
On an expedition to heaven and hell
We are off into the night - Heavenward
Sacred expedition to heaven or hell
