If you're readin' this, then I finally did it
I'm sorry I didn't say good-bye, there was no time
Understand I was stressed
Livin' day to day was hard, and I gave it my best
But there was nothin' left, for me in this world
To convince me to stay
Now I'm long gone away
Don't you do that, don't you start with tears
Just remember the time we spent over the years
Never cry, never think bad of me
What's done is done, and that's the way it had to be
I need you to be strong from me
Say a prayer everyday in my memory
I'm sure it's helpin' me
To earn my feathers, to get some wings
And a halo and a harp and Angelic things
And even though I'm gone, and outta sight
Never worry about me, I'm alright

(I'm Alright)
& if you should die, don't blame yourself and keep it
locked inside
(I'm Alright)
& everytime you cry, don't bring down, just keep me
inside of ya mind
(I'm Alright)
& if you should die, don't blame yourself and keep it
locked inside
(I'm Alright)
& everytime you cry, don't bring down, just keep me
inside of ya mind
(I'm Alright)

[Monoxide Child]

You only saw the outside, never knew what I was feelin'
Now everyday you lay in bed, starin' at the ceilin'
I'm alive, but you don't see me no more
You can fill your heart with memories and things from
before

An angel but everybody got a purpose in life and when
the sun rise
You will live to see another day
Just don't follow me, & live life your own way
Example, don't be upset, and if you forget
Get the picture with the cord around my neck
Can you handle it?
See me underground and I'm stuck, but I'm cool
It's where I wanna be
Keep the drama in hand, but outta sight
And know that, I'mma be alright
