[music & lyrics: Tobias Sammet]

Longing for silence...
"Always faster" is the way that we go.
Not a little patience...
Higher, farer, better we grow.
The beast is rising, it's tantalizing
Those who are taking the time.
Alienation... A revelation...
Straight to the end of the line...

The cold chill you feel
Is no dream it's for real
We don't follow

Fly! Riding away... Rising today...
No we don't play your headless game!
We are alive, don't say goodbye.
Fly! Riding away... Rising today...
No we don't play your headless game!
We are alive, don't say goodbye.

Cast out from Eden...
You don't like what we are in your eyes.
We're leading the treason on the race you run,
The way of your life.

I am danger, I'm a stranger
Cause I don't give in to your call.
And not until she is satisfied
We can come and explode and we fall!!!

We're blowing the flame of your headless game:
We don't follow!

Fly! Riding away... Rising today...
No we don't play your headless game!
We are alive, don't say goodbye.
Fly! Riding away... Rising today...
No we don't play your headless game!
We are alive, don't say goodbye.

Longing for silence...
"Always faster" is the way that we go.
Not a little patience...
Higher, farer, better we grow

Fly! Riding away... Rising today...
No we don't play your headless game!
We are alive, don't say goodbye.
Fly! Riding away... Rising today...
No we don't play your headless game!
We are alive, don't say goodbye.

(...In their eyes we are insane! But aren't daydreamers
only the escapists of
A soulless view of life?...)
