Now if you gaze up to the moon  
See she's become as blood and soon  
The time is right...  
We gotta pave the way

You gather silk to weave the net  
Entrap the strongest you can get  
A soul that's ready to return again

See the purity shining from his eyes  
A newborn angel  
To help the chosen ones rise

Blood red prophet in the sky  
We're standing under the moon  
Came down with fire See the creature alive  
Standing under the moon  
Come down with fire

Down with fire  
Down with fire

Good intensions raise a mind  
A new messiah to judge the blind  
Kill off the fools  
Who bar my pure and holy plan

We lead creation by the nose  
To bring divinity to those  
Who know tonight a golden age begins

Divine is the spirit  
Into a terrestrial shell  
A savoir of human blood  
Lead us to somewhere  
To heaven or hell

Blood red prophet in the sky  
We're standing under the moon  
Came down with fire See the creature alive  
Standing under the moon  
Come down with fire

Down with fire  
Down with fire
