Your mouth is red -- I'm picturing it in my head  
I'm picturing you smile at me  
I want you to be with me NOW  
Your hair is brown -- I'm picturing it hanging down  
I'm picturing it falling 'round those big brown eyes  
I wanna be with you NOW

You're much more than this -- a spiritual bliss  
No matter who I'm with I miss you  
Your magnetism breathes through the moonlit trees  
It's in the quiet breeze that's circling me NOW  
Your face is bright -- I'm picturing it every night  
I'm picturing you when I sleep  
I can keep you with me that way  
And your heart is mine -- I think about you all the time  
I can hear you say to me that you wanna be with me  
NOW

You're much more than this -- a spiritual bliss  
No matter who I'm with I miss you  
Your magnetism breathes through the moonlit trees  
It's in the quiet breeze that's circlin' me NOW
