### Verse 1:

When i see, when i see you crashing,  
All to be, where were we, When it went down? I'm not  
coming around.  
Hopefully, soon to be its your choice,  
Though i know what you'll say, you're fallin' down,  
Your going down...

### Pre-Chorus:

You bury the night,  
Run into the fight!

### Chorus:

Whoa, whoa, maybe this love was meant after all...  
And do you know, what you've, done to me girl?  
I don't wanna know you any more,  
Any-more.

### Verse 2:

When you know, just come around,  
All you have to do is, not make a sound,  
Then all your love is, ah, gone.

This is a joke, what do you care?  
Your wishing back the days that you we're still here.  
This is the end, this the end...

### Pre-Chorus:

You bury the night,  
Run into the fight!

### Breakdown:

Whoa, whoa, maybe this love was meant after all...

### Final Chorus:

Whoa, whoa, maybe this love was meant after all...

And do you know, what you've, done to me girl?  
I don't wanna know you any more,  
Any-more.
