If you didn't know I liked you  
You're pretty bright  
you'll probably figure it out now  
Or maybe you think I just like to  
Dress up in white and throw bags of our parents' cash  
around

Did you know  
I did not like you much  
when we met  
What was it? 8 years ago?  
You and your friends you had this "we're too cool"  
attitude  
But I must admit  
I was quick to let that go  
When you showed up in my doorway  
Your wide brown eyes were simply fastened to your  
feet  
You had one hand behind you, the other hand was  
holding out  
My favorite sweet thing to eat  
You said...

"I like you, I like you, could you maybe like me, too?"  
I like you, I like you, could it really be that simple?

?Cause you know  
that I'm just like you  
I can get shy  
hell, I can shut down  
But we're gathering up everything that scares us  
We'll divide it by two and you'll see  
There ain't nothing  
we can't shut down

?Cause I like you, I like you, could you maybe like me,  
too?  
I like you, I like you, could it really be that simple?

Later on when it's quiet  
and everyone we love  
Has made their way home

Yeah, I know we're gonna be tired  
But at least I know  
I'll finally be alone  
With that boy  
who brought me ice cream  
just 8 years ago  
You still make  
everything so sweet  
And you paint your pretty pictures of everyone we know  
And nearly everyone you meet  
But they pale in comparison  
yeah they do  
To your beauty and your grace  
Yeah, I know this is embarrassing,  
I can almost feel the heat  
rise to your face

?Cause you like me, you like me, you know you like me,  
too  
Yeah, you like me,  
and oh baby I love you  
could it really be that simple?
