How dare you sleep so soundly while all I do is turn'
Though I feel your safety
surround me
I take so damn long to learn

How is it that you feel so at peace while all my cells are
at war'
Where is that feeling
they call release'
What am I so damn worried for'

'Cause anytime now
sleep will come
And the film will start
in my head
And I'll try my best
to bask in the hum
of your body
In my bed
In my bed

I've never been the one to turn it all off and I never
wake up last
I've never been the one
to call it all off,
Say this is just moving too fast

Do you ever get to feeling like this'
Do you know what it means
to be restless'
When everything lies
on that one little kiss
I should just take advantage of this

'Cause anytime now
sleep will come
And the film will start
in my head
And I'll try my best
to bask in the hum
of your body
In my bed

In my bed

It never occurs to me
to slow down or lessen the flow
I've even planned my wedding gown with no lover in
tow
And meanwhile
everything runs aground
and I'm the last one to know
that the way my life likes to go

'Cause anytime now
sleep will come
And the film will start
in my head
And I'll try my best
to bask in the hum
of your body
In my bed
In my bed
