In disclosed we speak the truth, discovering
dependency
Turn this ship around, I'm starting over
We fight our hearts for the control, wrestling our
tendencies
Turn this ship around, I'm starting over

In desperation, a celebration
Of time well spent alone with you

I'm in such a state
I need you here, I need you near me
I'm in such a state
I need you here, I need you near me

As the sun will rise and set
So I will keep you close, I'm starting over
As the stars illuminate
So, I will hold you near, I'm starting over

Burn the exits, there's no escaping
From love eternal, limitless

I'm in such a state
I need you here, I need you near me
I'm in such a state
I need you here, I need you near me

I'm in such a state
I need you here, I need you near me
I'm in such a state
I need you here, I need you near me

I'm in such a state
Honestly, transparently speaking
I'm in such a state
I need you here, I need you near me
