Emergency

Like I'm heading for the edge of the reef
And I've got to find certain relief
But I'm pretty sure what that would mean

You've been making plans with another woman
I don't know why
It's got to be an emergency
An emergency
'Cause it feels like you're lying to me
Like you're looking for a way to break free
And I'm pretty sure what that would mean

You wanna spend your time with another woman
I don't know why
It's got to be an emergency

An emergency
'Cause it feels like you're lying to me
Like you're looking for a way to break free
And I'm pretty sure what that would mean

You wanna spend your time with another woman
I don't know why
I don't know why
You've got so much time for that other woman
I don't know why
You won't spend your time with me

An emergency
Like I'm heading for the edge of the reef
And I gotta find certain relief
But I'm pretty sure what that would mean

An emergency
'Cause it feels like you're lying to me
Like you're looking for a way to break free
And I'm pretty sure what that would mean

An emergency
Like I'm heading for the edge of the reef
And I've gotta find certain relief

But Iâ€™m pretty sure what that would mean

An emergency

Â‘Cause it feels like you're lying to me

Like you're looking for a way to break free

And Iâ€™m pretty sure what that would mean
