Ahhh~ we'll snort with pleasure
Ahhh~ we'll forego washing
We'll hold a holiday of love
I'm a green tree you're the air
I'll follow you there
I'll follow you

Engulf me lover

Ahhh~ we'll take a tumble
Ahhh~ down in the gravel
I'll take your hand to lead me over
Hang our colors in the air
I wanna follow you there
I wanna follow you

Engulf me lover
And loop me into blue
Enfold me lover

Ahhh~ we'll taste the nectar
Ahhh~ we'll share the bounty
I'll bear the cost of our defense
Never looking back again
I'm gonna follow you in
I wanna follow you

Engulf me lover
And loop me into blue
Enfold me lover

Enclose me lover
