This is not working
If he doesn't know
Oh, if he doesn't feel like that
He will not say it
If he doesn't love me then
He won't return
He won't return
He won't return

I need to hear it
If I need to know of it
He will not say it then
I won't know anything
If he won't love me then
Go to the end
Go to the end
Go to the end

I had to try to find out
And so I suppose
It's good to know
And so I'll go

This is not working
If this isn't right
Oh, if he doesn't feel that's all
He will not say it and
He doesn't love me, so
We won't pretend
We won't pretend
We won't pretend

I had to try to find out
And so I suppose
It's good to know
I had to try to find out
And so I suppose
It's good to know
And so I'll go
