I don't wanna be ignored, oh God,
when I'm calling off this fight.
You're chewing with an open mouth, raw meat,
your blood drool attracts the flies.

I give a little to you, I give a little to him, I give a little to
her,
I give a little to you, I give a little to him, I give a little to
her.

I don't wanna be left out, or get fucked,
but there's a talent in your lies.
You're chewing with an open mouth, raw meat,
your blood drool attracts the flies.

I give a little to you, I give a little to him, I give a little to
her,
I give a little to you, I give a little to him, I give a little to
her,
A little bit for myself, take a pass on my health, I'll give
a little to her.
I'll give a little to you, I'll give a little to him, I'll give a
little to her.

Don't wait for the sun,
your, your story's been spun.
These boys, they just wanna have fun.
Your, your damage is done, is done.
Ohhh!

I give a little to you, I give a little to him, I give a little to
her,
I give a little to you, I give a little to him, I give a little to
her
A little bit for myself, take a pass on my health, I'll give
a little to her.
I'll give a little to you, I'll give a little to him, I'll give a
little to her.
I give a little to her.
I give a little to her.
Ohh, I give a little to her,
Ohh, I give a little to her.
