Uh huh uh huh
Wha wha wha wha
Yea yea woo

Can't nobody tell me what I can
Cuz I be lovin' my man (uh huh uh huh)
Can't nobody tell me what I can
What what what (wha wha wha wha)
Can't nobody tell me what I can
Cuz I be lovin' my man (naw naw)
Can't nobody tell me what I can
What what what (come on come on woo)

Chorus:
Oh and I'll do anything he wants me to
Oh and I'll do anything he wants me to
Anything he wants me babe
It doesn't hurt to ask
And no one could ever touch what I do

Can't nobody ever say I don't love my man (oh no)
Never say I don't love my man
I don't appreciate somebody tellin' me
Who I can and who I can't I know I love my man
Gonna make him lovin' me love me even more (uh huh
uh huh)
Cuz I only have eyes for you (wha wha wha what)
And I don't wanna waste no more time
Tellin' you how I feel

Chorus
Don't nobody ever say I don't love my man
Never say I don't love my man
I always feel like somebody's tryin' to break us up
Take our love away away
Gonna show the world what we're made of
And prove them all yea
Gonna be right in his arms
Lovin' him until I can't get enough
Oh suki suki now

Chorus

Come on
Hear me now
I'm not pleased that you lost your record deal do you
Follow me huh
Uh huh my name is Na-Tin-A
The lyrical Spawn
I'm not miraculously fillin' your ego
After dawn
Be a man weren't you gonna bounce a check today
Cuz some chicken head told you not to pay my way
If you was really feelin' me like that in the first place
Not one could ever steal or take our trust and love
away

Chorus

What I do
What I do (oh baby)
What I do
What I do (oh baby)
Yea yea feel me now

Can't nobody tell me what I can (oooooh)
Cuz I be lovin' my man
Can't nobody tell me what I can (uh huh uh huh)
What what what (come on)
Can't nobody tell me what I can (uh huh uh huh)
Cuz I be lovin' my man (yea yea)
Can't nobody tell me what I can
What what what (feel me now)

What I choose
Trackmasters
What I do
I wish
What I do
I'm up for ya
Blaque (ha ha)

Chorus

Come on come on
Uh huh uh huh
