1

stay by your side, no matter what they say
i will be alright as long as you dont turn
your eyes from me, ill be right there for you
dont worry ill always stay by your side

2

ill stay by your side no matter what arrives
its you and i so cling to me my friend
and hold on tight dont ever let me go
dont worry ill stay by your side

3

oohh when the time comes, and you need someone
to turn to, dont you think that i
wont ever be there oohhh yeah
in this world of ups and downs
raising people all around...dont you ever think for a
second
i dont care, ill be right there
your side, your side
oh i need you, you need me baby
oh i need you, you need me baby

stay with me, stay with me, stay with me

stay with me ooohhhh yeah

i want you, i need you, to stay

stay with me, dont you know, dont you know

dont you know, dont you know

stay-hay, stay-hay, stay-hay, stay-hay, stay-hay

stay by your side

i love you i need you to stay
