It's so hard to lose the one you love
To finally have to say goodbye
You try to be strong but the pain keeps holdin' on
And all that you can do is cry
Deep within your heart you know it's time to move on
When the fairy tale that you once knew is gone

When the last tear drop falls
I'll still be holdin' on to all of our memories
And all of what used to be

When the last tear drop falls
I will stand tall
And know that you're here with me in my heart
When the last tear drop falls

Yeah, yeah
So now I'm alone and life keeps movin' on
But my destination still unknown, oh yeah
Will there be a time when I fall in love again?
When I was meant to walk these streets alone
If there was just one wish I could be granted here
tonight
It would be to have you right back by my side

When the last tear drop falls
I'll still be holdin' on to all of our memories
And all of what used to be

When the last tear drop falls
I will stand tall
And know that you're here with me in my heart
When the last tear drop falls

Baby

Now it's time for me to find my happiness again
And the emptiness from missin' you
Will never ever end, baby

When the last tear drop falls
I'll still be holdin' on to all of our memories

And all of what used to be

When the last tear drop falls

I will stand tall

And know that you're here with me in my heart

When the last tear drop falls

Baby
