Children tremble
Flowers fade so sadly
Love is strange to understand
Winter Winds blow
Does the truth sting badly
Let your tears fall into my hands
Let your tears fall into my hands

Listen closely
And I will sing for you
A sentimental song
And you will know just how I feel
Listen closely
I will sing for you
A sentimental song

Hide with me tonight
Love endures the weather
Let the rain make everything new
In the morning
We will dance together
Let my song fall down around you
Let my song fall down around you

Listen closely
And I will sing for you
A sentimental son
And you will know just how I feel
(In my heart)
Listen closely
I will sing for you
A sentimental song
And you will know my love is real

Listen closely
I will sing for you
A sentimental son
And you will know my heart is true

Listen closely
I will sing for you

A sentimental song
And you will know how I love you...
