"All Night Long"

Visit "[All Night Long](#)" on MotoLyrics.com

edo's in the place now
u just gotta face it
i'm gonna show u how
is the way I make it
i'm getting' sick now
sick of it all
no more of your lullaby
or i'll say goodbye
i said sick now
sick of it all
why don't u play it dirty
wanna reach extasy?
i know u want it 2
won't be the one to blame u
just let yourself go
with the flow
let's make it hot, wet, hard, sweat
(i'm gonna love u baby)
i'm gonna make u love, baby
all night long
you make me hot, wet, hard, sweat

(i'm gonna love u baby)
imma share it with u, baby
through this song
can u feel my heartbeat
calling u out
i'll never let u go no, no
don't u worry, honey
u know i'll be there 4u
edo's in the place now
u just gotta face it
i'm gonna show u how
is the way I make it
i'm sayin' sit now
sit and shut up
no more of your fairy story
that sounds so cheesy
i said sit now
take off your clothes
je veux du corps Ã corps
et j'en demanderai encore
i know u want it 2
won't be the one to blame u
just let yourself go
with the flow
let's make it hot, wet, hard, sweat

(i'm gonna love u baby)

i'm gonna make u love, baby

all night long

you make me hot, wet, hard, sweat

(i'm gonna love u baby)

imma share it with u, baby

through this song

can u feel my heartbeat

calling u out

i'll never let u go no, no

don't u worry, honey

u know i'll be there 4u

edo's in the place now

u just gotta face it

i'm gonna show u how

is the way I make it

i know u want it 2

won't be the one to blame u

just let yourself go

with the flow

let's make it hot, wet, hard, sweat

(i'm gonna love u baby)

i'm gonna make u love, baby

all night long

you make me hot, wet, hard, sweat

(i'm gonna love u baby)

imma share it with u, baby

through this song

can u feel my heartbeat

calling u out

i'll never let u go no, no

don't u worry, honey

u know i'll be there 4u

edo's in the place now

u just gotta face it

i'm gonna show u how

is the way I make it
