Disco

That night I went out to the disco
Searching for you that I...

That night I went out to the disco
Searching for you that I didn't know
I thought I'd never find, I met you
But I asked myself: what to do?

I finally decided to talk
Though I knew it was time to walk
I went away loveful and hopeful
Well, I guessed I was just a fool

Disco

I can't stand now you are just a friend
'Cause my heart is still in demand
I dreamt you loved nobody but me
Though I knew this way just couldn't be

I dreamt you loved nobody but me
Though I knew this way just couldn't be
This night, I'm hopeless as I'm loveful
Well, I guess I am just a fool

That night I went out to the disco
Searching for you that I didn't know
I thought I'd never find, I met you
But I asked myself: what to do?

I finally decided to talk
Though I knew it was time to walk
I went away loveful and hopeful
Well, I guessed I was just a fool
