Look at him on your screen
He's such a guy, he makes me wanna scream
He's in your fantasy
His lollipop will give you ecstasy

Don't wanna give no explanation
This guy is fake
He's my creation
Give it to me just for a second
Nothing to deal with the real edmond

Everything is fake from tip to toe
His life is a music video
You can try and search humanity
But there's no one left

Look at him on myspace
But have you ever met him face to face
He's in your heart and dream
What if this cutey face was just a scheme?

Don't wanna give no explanation
This guy is fake
He's my creation
Give it to me just for a second
Nothing to deal with the real edmond

Everything is fake from tip to toe
His life is a music video
You can try and search humanity
But there's no one left
