I am innocent
I have blood contamination
(Oh my god!)

I am innocent
I could even kill your brother
(Plesase, protect the children, protect the nation,
protect all of us)

I am innocent
I have devil in my body
(Devil's here)

Notre pere qui es aux cieux
Que ton nom soit sanctifie
Que ton regne vienne
Mais grouille-toi putain de merde

I am innocent
My life's not a fairy tale

I am innocent
I enjoy to have sex all day

I am innocent
My love could easily kill you

Innocent
Innocent

I am innocent
I have blood conamination

Innocent
I have blood contamination

I have blood contamination
