ooh, I feel lost without u

how can u give our love away?

u promised u'd be here to stay

how can u make me feel this way?

my lonely heart is here to say

ooh, I feel lost without u

how can u give our love away?

u promised u'd be here to stay

how can u make me feel this way?

my lonely heart is here to say

how can u give our love away?

(give our love away)

u promised u'd be here to stay

(u promised, didn't u?)

how can u make me feel this way?

(make me feel this way)

my lonely heart is here to say

(it keeps sayin')

ooh, I feel lost without u

how can u give our love away?

u promised u'd be here to stay

how can u make me feel this way?

my lonely heart is here to say

how can u give our love away?

(give our love away)

u promised u'd be here to stay

(u promised, didn't u?)

how can u make me feel this way?

(make me feel this way)

my lonely heart is here to say

(it keeps sayin')

ooh, I feel lost without u
