I saw you sitting there
Looking on top of the world
He was holding you like you were his
You didn't see me but,
I was there last night
His arms around you holding you tight
Now I know that you aren't mine
And I'll try...to get a little better
Maybe things can be a little better
'Cause I know that you know that things are never
gonna change
Was it you or was it me, that's making me feel so
fucking empty
Like the bottle I drank last night to ease the pain
Without you I'll never be the same
(chorus)
Why are you walking away?
Did I mean that little to you anyway?
Are you forgetting my name?
Will I mean that little to you...
Eventually, anyway.
