### "Stop Counting"

I rely on my instinct and what it tells me,  
It knows what I really think and it compels me,  
You don't have to see it or feel the urgency yet,  
I rely on my instinct it really helps me,  
The car is waiting,  
Yeah yeah yeah  
Don't count on me,  
I rely on my instinct for what i'm needing,  
A total lack of any spark is what I'm feeling,  
You don't have that radar that's what I'm afraid of,  
I rely on my instinct that's why I'm teething,  
The car is waiting,  
Yeah yeah yeah  
Don't count on me,  
Stop counting,  
I rely on my instinct it protects me
