I'm not sleeping
I'm not awake
I'm not breathing here
'cause the air is fake
Stupid monster
behind the stair
I should have known that he'd
be waiting there
Little by little by little by
little I fade
Little by little by little by
I see my picture
turn to gray
I see my mom and dad
getting through the day
I'm in the bedroom
where I slept
I could have locked that door
Could have stayed in bed
Little by little by little by
little I fade
Little by little by little by
little
Damn that silence
It wouldn't break
Killed the whole family
with one mistake
Damn this darkness
Now it's too late (now it's too late)
to come back...
To the kitchen
To my room
To the warming light
of the 'goodnight moon'
Little by little by little by
little I fade
Little by little by little by
little I gave...
