Dawg you gotta feel me on this one
What it be like dawg, I'm on some some adope grown
up type shit
Look who I be around nigga, look who I been around
nigga
Geezy, Juve and Turk, B and Slim dawg pay attention
dawg

[Verse 1]

Age is nothin but some digits nigga trust me on this
Cas I think I speak for every one when I say life is a
bitch
I ride DL into the CL Gun right in my grip
I slip a clip in every rip , cas hatas likely to trip
Come home to my future wife and every nite she'll flip
She end up catchin rights to her lips behind diapers
and shit
But I like when we split drink henney without ice when
I'm pissed
Go to the club and start a fight thinkin I'm Tyson and
shit
But I'm a man so I'm here to handle my situations
correctly
And i nol might be dumb but niggas gone definantly
respect me
But in the mean partner I'm fightin gun charges in court
And in a couple of weeks our next tour about to start
Its like i'm livin happy now
except for the fact my daughter sayin I love you daddy
now
And that kinda juice me up and I smoke about 3 blunts
and puff a cooler bust me up
And say a prayer for everyday
just so I get through the stuff but I be like

(Chorus) - 2x

Ahhhh man, it's complicated doin everythang on your
own man
being responsible for everybody and yo own man
and when u feel like everythang is goin wrong man
I'm gone stand cause I am a GROWN MAN

[Verse 2]

I try to keep my head up, but I die to keep my bread up
And usually I'm fed up thinkin everythang's a set up
But I get up this stick out my chest and clutch on my
nuts
And i get hit up with all kinda stress
And put up wit the stuff trust me it's tough
But I mantain to climb through it all
And I still manage to be Lil Wayne therefore I shine and
I ball
And dawg I live for today and hope and pray that
there's a tomorrow
And I borrow confidence from out my heart when
thangs get awfall
And I'm walkin on the edge stuck without a solution
and someway I still pick it out and shuffle to conclusion
And I don't need nobody so keep yo advice and jus
dom it
Cas ya'll cats don't really no me ya'll jus no bout me
So if my dawgs be on my side they keep me combile
with spirit
And plus I know my fathers watchin and my mother's
the dearest
And I ain't neva said they don't appreciate what I do
But jus know if I wasn't a man I wouldn't make it
through

(Chorus) - 2x

[Verse 3]

Who would have known that this was somthin that
didn't turn out so hectic
But I chose my own life so I gradually accept it
I'm influenced and effected by the way it became
And I don't play with them at all so I don't say its a
game
And even though I grew up hard and I have gracefully
change
I'm always street so I'll forever be facin a change
And I'll keep this thang brutained on the waist of my
pants
And I demand respect from all if not then I'm waisten a
man
And if I want it then I get and if I need it I have it
Take care of my family first plus the liquor and weed is
a habit
And I'm so often I'm congratulated for the succeded at
last
But when they turn they back I just have Jesus leadin
my path

And I didn't ask for you to like me I don't care if you
hate me
But don't mistake me no otha man can neva make me
or break me
Now you faithfully inspired by the hood tell I'm gone
And I dawg I do believe I'm grown
so I'll be good on my own but I be like

(Chorus) fading.....Believe Dat
