Chiming of three bellscall  
hear my cries for Satan I live in sin War I ride  
Oh lord hear my bestial cries  
Sacrificing of the lamb Son of Satan born of damned  
Drink the vomit from the priest  
Seven crowns of Hell prevail  
[chorus]; Hail now, Black moon rise  
Colding vengeance, Devotion rise  
Hailing to all evil desires Pray now for destruction and  
hate Satan now rising in fires Torment by all my hate  
Hooded demons in black Chanting around the fires  
Now the time has changed to light the candles  
[chorus]
