Ross Bay grave
Black mass begins
Blasphemous prayers
Are being chanted backwards
Black pentagram cult
Are ripping up dead corpses
Burning the chapel
The whole will die
Death to all angels
Fall from the sky
Death and destruction
Satanic slaughter flames tonight
Whole God die
Christ will burn in blackened tombs sacrifice
Hooded demons
Virgin slayed ritual
Black witching metal
Drink the sluts blood
Bloody dripping orgie
Sacrifice the whole bitch
Whine of Satan
Witches create the spell
Dust through dawn
The witches sing their songs
Death to all angels
Fall from the sky
Death and destruction
Satanic slaughter flames tonight
Whole God die
Christ will burn in blackened tombs sacrifice
Hooded demons
Virgin slayed ritual
