Ah
Mm
Uh
So what we had a fight
It didn't work out
Just right
Baby this is crazy
How can you be so cold
Where did our love go
What about the loving and touchin'
What about it
It didn't mean nothin'
Nothin'
Where'd our love go

Baby where did love go

Baby
This isn't right
A part of life
How come you couldn't cope
Baby
This is crazy
How can you be so cold
Where did our love go

We would run all night
On the levy down in New Orleans
Dancing all night
How can you be so cold
