Jesus doesn't love you
never died for you
doesn't care

jesus couldn't save you
died for his own sin
wasn't pure

the preacher man
you're just his whore

he's your pimp
and your mind
is a frozen door

hey little red ridinghood
big bad wolf

every thing you love
I hate
the bottom is the top
& that is great
hot is cold
cold is hot
come on baby
show me what you got
little red ridinghood
I'm the big bad wolf

Jesus couldn't save you
never would
