You were gone before I could ever get myself started  
That's ok, it turns me on  
Its your gift and your open hearted

BR

I am the one who turns you on (Ooh... back up)  
When the church is gone

You walked into the temple dripping in your elixir  
Painted and decorated no bible belt  
Simply x rated

BR (Ooh... back up)

CH

High priest of the dirty devil (Ooh... back up..sexy-  
provocative)

Your wet lips I could see whispering your confession  
Your deep sighs and your tight skin tell me you've  
learned your lesson

BR (Ooh... back up)

Go and sin again some more  
Bring it back and we'll all listen

CH (Ooh... back up)
