Are you really who you say you are?
You walk all over broken hearts
Has it been so bad, that I'm just a joke to you?
You can't take it back you've gone to far
You tear me down and leave your scars
But when you think back, you will remember

(chorus)

Hey you, I tried
But the promises you break
And everything you say
Doesn't mean a thing
'Cause everything's a fake
Just like you.

There was a time I trusted you
I lost myself, then found the truth
That I had been cheated, and I will remember

Did you, did you, did you see this coming?
Did you, did you, did you feel this coming?
You never thought that I would leave you standing
I left you standing
I HAD THE LAST LAUGH!

(chorus Æ—2)

Everything's Like You!

I never want to be the one you break
The one you take and throw away
I never want to be the one you hate
But I can't win so I just walk away

Did you, did you, did you see this coming?
Did you, did you, did you feel this coming?
You never thought that I would leave you standing
I left you standing
I HAD THE LAST LAUGH!

(chorus Æ—2)
