Life was like a moonless night,  
Shrouded in the stars,  
Beauty can be such a fright,  
But now you're in my arms.

[Chorus]  
You are my life now  
Can't you see  
I'd cross oceans  
I'd swim seas  
To be with you  
That's enough for me.

Your face is like a poison,  
Intoxicating me,  
How can we live forever,  
When our love can never be.

[Chorus]  
You are my life now  
Can't you see  
I'd cross oceans  
I'd swim seas  
To be with you  
That's enough for me.
