La la la la la.

I'm falling in you
I'm falling in you
You set me on fire
I'm feeling sad
You can make me mad
I'm lost in the silance

Cause you think your life with another one
Is better for you
Cause you feel inside
You can leave me alone
I'm waiting for nothing.

When you see the light of the morning star
Than you feel my absence
And you know
Why fighting you?
If you're ready to go, away.

[Chorus]

Miles away, miles away
I'm just happy for you
I'm just happy for you
When you cry for me

Miles away, miles away
I'm so happy for you
I'm happy for you

[Chorus]

La la la la la
La la la la

I'm falling in you
I'm falling in you
You set me on fire
I'm feeling sad

You can make me mad
I'm lost in the silence

Cause you think your life with another one
Is better for you
Cause you feel inside
You can leave me alone
I'm waiting for nothing.

When you see the light of the morning star
Than you feel my absence
And you know
Why fighting you?
If you're ready to go, away.

[Chorus]
Miles away, miles away
I'm just happy for you
I'm just happy for you
When you cry for me

Miles away, miles away
I'm so happy for you
I'm happy for you
[Chorus]

La la la la la
La la la la
