[Hook:]

Would you tell me where to go?
Cause I don't know how I got here
And tell me if I'm wrong?
Cause I'm feeling alright

But I still won't stop till I find my way
I brush the dirt of my shoulders, get up and move
forward
I keep on pushing on
On, on
No, this life don't stop
On, on
Time will wait for no one

[Verse 1:]

You could never break my spirit or silence me,
The tyranny inside of me is reminding me
How god damn far my pride can see, violently,
So while you beat around the bush so quietly,
I'm stomping through the thickets of life giantly
Finally someone who got the memo that I'm trying be,
At the finishing line in a timely fashion
While I'm laughing and lapping everybody on this
mother fucking globe,
If you just think time will wait take your fuckin punk ass
home
Cause I don't know where I'm at but I feel fine,
Because I know exactly where I've been and I don't
mind it one bit
So just sit and watch the show begin,
While I'm the road again a rolling stone again but one
more thing

[Hook:]

Would you tell me where to go?
Cause I don't know how I got here
And tell me if I'm wrong?
Cause I'm feeling alright

But I still won't stop till I find my way

I brush the dirt of my shoulders, get up and move
forward
I keep on pushing on
On, on
No this life don't stop
On, on
Time will wait for no one

[Verse 2:]

Straight to the top, waitin I'm not,
Till I can't breathe cause the airs to thin and I'm locked
up
Start to convulse my pulse rate slows, I shiver cause
the temperature is 38 below,
So where do I go when I'm at the top of my game?
Better then I've ever been and out of everyone who
came,
I carry the flame for the games every 4 years,
There's a reason why you heathens didn't make it here,
You're not good enough, lookin at an all time
letterman,
I wouldn't give an inch even with a stick of
measurement,
Instead I been sprinting these roads that lead me here,
With a fist full of fire and a stomach full of years,
That I swallowed my words but no more,
No score will be unsettled or even anymore,
The bar been raised to high you and I ain't the same
and it's clear to the ear and the eyes.

[Bridge:]

If you look into my eyes you can see the passion
A fire burns bright but I lack compassion
For any motherfucker trying to take my spot
My word and my balls is all I got
And I will never break them for you
Another mistake, I push through
The time keeps moving and I'm losing my mind
Would you tell me where to go this time?

[Hook:]

Would you tell me where to go?
Cause I don't know how I got here
And tell me if I'm wrong?
Cause I'm feeling alright

But I still won't stop till I find my way
I brush the dirt of my shoulders, get up and move
forward
I keep on pushing on
On, on

No this life don't stop
On, on
Time will wait for no one
