### "She's Not Me"

Visit "[She's Not Me](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Lets Go

And you got her in the back seat  
Drive around the back streets  
Trying to black me out  
Do you remember my name?

Cruising down? couple of art  
Just say light up the sky  
Do you remember my name?  
She a ride or die  
'Cause she no one tattoo into to your heart  
If you try to fight  
I have left my mark on you  
There is nothing you can do

When you think you over me  
And you're that baby starryed and wrong  
I'm the ghost and you're the machiner  
?

You're in love, you're in love,  
You're in love or she  
Nothing here, not anymore  
Baby she's not me  
She's not me

And you take her to? mall  
'Cause you put the top, sweet  
Lay her on the beck  
Do you remember my name?

Strip it down to her bed eyes  
In her kinky mom pant ass  
Like I used to have  
Do you remember my name?

Does she a ride or die? Bitch  
Does she make you shiver under your skin  
Just the way that I did  
It wont be the smae again  
She don't compare to who I am

When you think you over me  
And you're that baby starryed and wrong  
I'm the ghost and you?re the machiner  
?

You're in love, you're in love,  
You're in love or she  
Nothing here, not anymore  
Baby she's not me  
She's not me

Your try to forget  
And you tell her that you miss her  
But I bet every time you go to kiss her  
You get hard, harsh felling on your lips  
Is it taking over you?  
Throwing you a cold bar

Reminding you of that true?  
Just like the first time  
You and the dancer  
I show you all those moves she can't do  
She's not me

When you think you over me  
And you're that baby starryed and wrong  
I'm the ghost and you?re the machiner  
?

You're in love, you're in love,  
You're in love or she  
Nothing here, not anymore  
Baby she's not me

When you think you over me  
And you're that baby starryed and wrong  
I'm the ghost and you?re the machiner  
?

You're in love, you're in love,  
You're in love or she  
Nothing here, not anymore  
Baby she's not me
