Five young niggaz uptown servants

Look, the worstest of the worst is shootin' out like they

Bitch, and we was raised in these war times
Jail also made men in these hard times
And don't cry I'ma get mines so pray for me
I'm on the block on the grind, mama pray for me
So nigga respect my G, respect my grind
Nigga respect how I eat, respect my mind
Nigga respect this heat
When these niggaz out of line, nigga we dress up and

Whoa, shawty I'ma blow they whole block
Fuckin' with a soldier, mastermind is on plot
Third ward survivor, uptown madness
Killin' is a hobby, jackin' is a habbit, bitch

The murder man, picture me lurkin'
Right up behind ya curtains nine's squirtin'
And you could hear it when it's hurtin'

'Cause I'ma act a clown if you put your feet down on my

I walk around, fo' pound and surface
To spin ya ass around in circles, you urkle
Blood run up out ya earth now you purple
Your homeboy get it first, but you worst so
Now you headed to the skies above
And I'm go and get high with ya bitch in the club
Yeah, life's a bitch and death's a husband
And you gonna have to meet up if you keep on fuckin'

But you don't want see them CMB blood knuckle up
