Well I don't drive a fast car
You know it just ain't my style
And I don't give a damn about that
You know it ain't worth my while

And I've been known to run around
Burned some bridges in my time
You know those girls tried to tie me down
But my heart is still all mine

Well now Elvis had his 'Blue Suede Shoes'
Samson had his hair
You know I got my music baby
And my dreams will take me there

You know I don't smoke cigarettes
I don't see the point
And if you're gonna put smoke in your lungs
Might as well smoke a joint

Yeah, well I don't mind if you hang around
Just don't start talking that love talk baby
Don't bring me down now

Well, don't call me a scoundrel
Baby, don't call me a thief
Don't look down your nose at me
I don't need all your grief

Join me and the jesters
Singing for today
Live life at its fullest
Before it slips away

Well I don't mind if you hang around
Just don't start talking that love talk baby
Don't bring me down now

Why you want to shoot me down
I'm just trying to be your friend now baby
But you lock the door
Gonna hide the key, hide under the bed

You're gonna hide from me
Come on baby, let me in

Well, now I don't mind if you hang around
Just don't start talking that love talk baby
Don't bring me down, no
