It's time to get out of this town
There's no more fun to be found
I'm rolling thunder with the top down
It's time to get out, get out, get out

Crescent City high life dancing with the devil's wife
Just like some voodoo dream living on 4th and
Magazine
A black rose and a chicken bone I don't know if I'll make
it home
Another night at Snake and Jakes just a little more than
I can take

It's time to get out of this town
There's no more fun to be found
I'm rolling thunder with the top down
It's time to get out, get out, get out

It's time to get out of this town
There's no more fun to be found
I'm rolling thunder with the top down
It's time to get out, get out, get out

Lear jets and Limousines found my way to the Vegas
scene
Hit hard on a sixteen the pit boss is getting mean
Just waiting on my car rolling like the Junkyard
Three days and some big scars that's what it takes to
be a rock star

It's time to get out of this town
There's no more fun to be found
I'm rolling thunder with the top down
It's time to get out, get out, get out

It's time to get out of this town
There's no more fun to be found
I'm rolling thunder with the top down
It's time to get out, get out, get out

I'm falling down
I'm falling down

It's time to get out of this town
There's no more fun to be found
I'm rolling thunder I'm rolling thunder
I'm rolling thunder with the top down
It's time to get it's time to get out
It's time to get it's time to get out, get out

It's time to get out of this town
There's no more fun to be found
I'm rolling thunder I'm rolling thunder
I'm rolling thunder with the top down

It's time to get out of this town
There's no more fun to be found
You're scare for gonna hopefully down
Get out, get out, get out, oh yeah
