I've been doing a power of thinking  
The Good Ship Lollipop is sinking  
But I've been having such a good time  
Just watching from the shoreline  
Call waiting on the telephone  
Only problem being the phone is off the hook  
And besides, there's no-one home

All except in the backroom  
I'm operating in a vacuum  
I'm going back to the backroom  
I'm operating in a vacuum

Revolution on the South Bank  
I poured poison in the think tank  
Got out before the big crash  
Caught the tail end of the whiplash  
Reminiscing with the diehards  
Uptight with the old guard  
Saying out of the spotlight  
Don't get blinded by the spotlight

I'm going back to the backroom  
I'm operating in a vacuum  
I'm going back to the backroom  
I'm operating in a vacuum

On the Good Ship Lollipop  
It's a nice trip to the candy shop  
But the key to your success  
Was the key to your excess  
Was the key to your success  
Was the key to your excess  
Going back to the backroom  
I'm operating in a vacuum
