An automatic alarm  
Turns my radio on  
Before my feet can hit the floor  
The music's got me ready to go  
And all through the whole day  
I know my favourite records they'll play  
It helps me chase all my blues away  
When I can hear that DJ say that this is station

H.A.P.P.Y.  
We plan to help your day go by  
I said it's a Musical, natural high  
H.A.P.P.Y.  
We plan to help your day go by  
I said it's a Musical, natural high

You should hear them  
Everyday yeah

While riding home in my car  
My happy radio is never too far  
I just reach out my hand turn the dial  
And I know it will make me smile

Cause this station  
(H.A.P.P.Y.)  
(We plan to help your day go by)  
I said it's a musical natural high
