I don't know what's on your mind
But I know what's in your heart
There's a distance in your eyes
You're not as strong as you think you are

Everybody needs somebody
You're gonna need somebody too
I'm right in front of you

You don't see me, you don't hear me
You're giving me the cold shoulder
You leave me in the dark
When I call you, you don't answer

The only thing I ever wanted
The only thing I ever wanted
Was to be with you
And hold you in my arms to be with you

I don't know what's on your mind
But I know what's in your heart
Why you fighting? What you know is right
Baby, come inside my arms

'Cause everybody needs somebody
Soon you're gonna need somebody too
I'm right in front of you

You don't see me, you don't hear me
You're giving me the cold shoulder
You leave me in the dark
When I call you, you don't answer

The only thing I ever wanted
The only thing I ever wanted
Was to be with you
And hold you in my arms, to be with you

Why ya holding back? Ain't no sense
(Don't make no sense)
Break down your defenses
Why ya holding back? Ain't no sense

(Don't make no sense)
Break down your defenses

You don't see me, you don't hear me
You're giving me the cold shoulder
You leave me in the dark
When I call you, you don't answer

The only thing I ever wanted
The only thing I ever wanted
Was to be with you
And hold you in my arms, to be with you
