Laying on the bathroom floor  
Kitty licks my cheek once's more  
And I clould try  
But waking up is harder  
When you wanna die  
Walter's on the telephone  
Tell him I am not at home  
'Cause I think that I am going  
To a place where I am always high  
My name 's Elizabeth  
My life is shitt and piss  
Going to your funeral part I  
Going to your funeral now and feeling  
I could scream  
Everything goes away  
Driving down the highway through the  
Perfect sunny dream  
A perfect day for perfect pain  
Look at all the people with  
The flowers in their hands  
They put the flower on the box  
That's holding all the sand that was ?  
That was once ?  
That was once you  
Honolulu hurricane I knew  
That you were not insane  
Living in the insane world  
Smiling like it's no big deal  
Scabby wounds that never heal  
The woman was only a girl  
Look at all the people with  
Their heads down in their hands  
When everything I'm feeling  
Makes it hard to understand  
That, uh  
What I need to miss ?  
It's what I need to miss ?  
Is you  
Going to your funeral and  
I'm feeling like a fool  
No one's gonna take the blame  
Thinking 'bout the days of

Hanging out behind the school  
Everything goes away  
Cancer for the cure  
The kids are diggin' up a brand  
New hole  
Where to put the deadbeat mom  
Grandpa's happy watching video porn  
With the closed-caption on  
And father knows best  
About suicide and smack  
Well, hee hee hee  
Cancer for the cure  
Cancer for the cure  
Buckle-up and endure now baby  
Cancer for the cure  
-Oh blue eyes is back again  
But he never was here in the first place  
A heart attack may be something to fear  
But take a look out back  
'Cause Courtney need love  
And so do I  
Well, hee hee hee  
Cancer for the cure  
Cancer for the  
Cure my baby  
Buckle-up and endure now sweet thing  
The cancer for the cure  
My descent into madness  
Springfield's looking pretty dusty today  
I see their dream coming undone  
The view from inside ward nine affords this much  
A town teeming with the unloved  
Close the window and lock it so it's good and tight  
La la la la la la la la  
La la la la la la  
Turning eighteen and trying not to look too lost  
-Have a not so nice day-  
The jacket makes me straight so I can just sit back  
And bake  
You know I think I'm gonna stay  
Talking very loud but no one hears a word I say  
La la la la la la la la  
La la la la la la  
La la la la la la la la  
La la la la la la  
Come visit me tonight at eight o'clock and then you'll  
See how I am not the crazy one  
Voices tell me I'm the shit  
Twenty days go by and everyday looks the same  
La la la la la la la la  
La la la la la la

La la la la la la la  
La la la la la la  
I'm the shit  
3 speed  
Got a 3 speed and banana seat  
Sitting back on the sissy bar  
Went to Sev and got a drink  
Wish I was driving in Daddy's car  
And I looked up at the sky last night  
And I thought I saw a bomb  
And why won't you just tell me  
What's going on  
Riding down on Springhill Road  
Meeting Alfred out in the woods  
Dogs bite and mosquitos bite  
Scratching the itch that makes it  
Feel good  
And I looked up at the sky last night  
All I saw was a pretty blonde  
And why won't you just tell me  
What's going on ?  
Life is funny  
But not ha ha funny  
Peculiar I guess  
You think I got it all going my way  
Hen why am I such a fucking mess ?  
Want a pony and a birthday cake  
Want a party with a scary clown  
Kneel down and bow to the princess  
Kneel down for the queen of the town  
And i looked up at the sky last night  
And i thought I saw a bomb  
And why won't you just tell me  
What's going on ?  
Tell me what's going on  
Hospital Food  
Coming through the alley  
Trying walk without a sound  
It doesn't really matter  
'cause there ain't no one around  
Tip toe through the alley and  
Tip toe through your life  
You still got it coming  
Be it gun be it knife  
Next thing you know  
You're eating hospital food  
Karaoke castration  
Take the wasp alive  
He's gonna sting you anyway  
And take you to the hive  
Yesterday was suckin' and

Tomorrow's looking bad  
Who knew that today  
Was the only I had ?  
Hospital food  
Want some hospital food  
Hospital food  
Delicious hospital food  
In your tribute album to the world  
You must never forget  
To sing the one about the cat  
Who's always getting wet  
He's always got a problem  
He's a very bitter dude  
And now he is complaining  
'bout his hospital food  
Hospital food  
It's gonna help the medicine go down  
Want some hospital food  
Gonna take a walk without a sound  
A little hospital food  
Helps the spoonful of sugar come up  
I want some hospital food  
In your blender and in my cup  
Electro-shock blues  
Feeling scared today  
Write down 'I am ok'  
A hundred times the doctors say  
I am ok  
I am ok  
I'm not okay  
Skin is crawling off  
Mopping the sweaty drops  
Sticking around for this shit  
Another day  
Another day  
Not another day  
Pink pill feels good  
Finally understood  
Take me in your warm ambrace  
I am trying  
I am trying  
Efils' God  
Efils good and the time is right  
I'll bundle-up and slip away  
The count is down and the drip is up  
It's time to split this hunk of clay  
Now you can bring back my suitcase  
But you can't bring me  
And you can have all the money  
'cause you say that you must  
But if you think that it matters

Take a look at me  
And don't close your eyes  
As I turn into dust  
Eh, good  
Don't tell me that I can't do this  
As if you don't know  
How eh, good  
Last stop : this town  
You're dead but the world keeps spinning  
Take a spin through the world you left  
It's getting dark a little too early  
Are you missing the dearly bereft ?  
I'm gonna fly on down for the  
Last stop to this town  
What ?  
I'm gonna fly on down then fly away  
Well, alright  
Get down  
Takin' a spin through the neighborhood  
The neighbors scream  
Watchya talkin' bout ?  
'Cause they don't know how to  
Let you in  
And I can't let you out  
What if I was not your only friend  
In this world  
Can you take me where you're going  
If you're never coming back  
I'm gonna fly on down for the  
Last stop to this town  
I'm gonna fly on down then  
Fly away on my way  
Get down  
Why don't we take a ride away up high  
Through the neighborhood  
Up over the billboards and the factories  
And smoke  
I'm gonna fly on down for the  
Last stop to this town  
Yeah  
I'm gonna fly on down then  
Fly away on my way  
Fly away  
Get down  
Baby Genius  
Baby genius  
Look how you've grown  
Where do you go from here ?  
Didn't we have some good times  
After all is said and done ?  
Small body and small mind

Big head and big headaches  
My back is broken  
Baby genius  
Find a new ride  
Climbing to the moon  
So I wrote it all in a letter  
But I don't know if it came  
But the nurse she likes my writing  
So she keeps it just like me  
So that it won't get away  
I won't be denied this time  
'Fore i go out of my mind over matters  
Got my foot on the lader  
And I'm climbing up to the moon  
Got a sky that looks like heaven  
Got an earth that looks like shit  
And it's getting hard to tell where  
What i am ends  
And what they're making me begins  
And I won't be denied this time  
'Fore I go out of my mind over matters  
Got my food on the ladder  
And I'm climbing up to the moon  
Saturday in the yard  
They'll bring you by  
We'll lay down on the grass  
And watch as the sky closes in  
I won't be denied this time  
'Fore I go out of my minf over matters  
Got my food on the ladder  
And I'm climbing up to the moon  
Ant farm  
Hate a lot of things  
But I love a few things  
And you are one of them  
Hard to believe  
After all of these years  
But you are one of them  
Walk down the street  
I'm thinking :  
Everybody move along  
I've got a sad-hearted needing  
To belong  
Nevertheless  
It's all the mess you made  
But i can't let it go  
Walk down the street  
I'm thinking :  
Look at all the ants in a farm  
I've got a sad-hearted feeling  
To harm

Hate a lot of thing  
But I love a few things  
And you are one of them  
Dead of winter  
Standing in the dark outside the house  
Breathing in the cold and sterile air  
Well I was thinking how it must feel  
To see that little light  
And watch it as it disappears  
And fades into the night  
Si I know you're going pretty soon  
Radiation sore throat got your tongue  
Magic markers tattoo you  
And show it where to aim  
And strangers break their promises  
You wan't feel any  
You won't feel any pain  
And the streets are jammed with cars  
Rockin' their horns  
To race to the wire  
Of the unfinished line  
Thought that I'd forget all about the past  
But it doesn't let me run too fast  
And I just wanna stand outside  
And know that this is right  
And this is true  
And I will not  
Fade into  
Fade into the night  
Standing here in the dark  
The medication is wearing off  
See this watch she gave me ?  
Well it still ticks away  
The days I'm claiming back  
For me  
The medication is wearing off  
Gonna hurt not a little, alot  
Keep on tickin' you're not lickin' me  
Step on a crack break your mother's heart  
Red light green light black  
Suicide e-mail do not delete  
Plug it back in the jack  
Start to be what they want you to be  
And you see yourself as they see you  
Sunrise on the corner of  
Sunset and Alvarado  
I think what the hell do i do now  
Watch the day disintegrate  
So I can stay up late and wait  
See this watch she gave me ?  
Well it still ticks away

P.S. You rock my world  
I was at a funeral the day i realized  
I wanted to spend my life with you  
Sitting down on the steps at the  
Old post office  
The flag was flying at half-mast  
And i was thinking' bout how  
Everyone is dying  
And maybe it's time to lie  
I don't know where we're going  
I don't know what we'll do  
Walked in to the Thrif-tee  
Saw the man with the hollow eyes  
Who didn't give me all my change  
But it didn't me this time  
'cause I know I've only got  
This moment  
And it's good  
I went to the gas station  
Old woman honked her horn  
Waiting for me to fix her car  
I don't know where we're going  
I don't know what we'll do  
Laying in bed tonight I was thinking  
And listening to all the dogs  
And the sirens and the shots  
And how a careful man tries  
To didge the bullets  
While a happy man takes a walk  
And maybe it's time to live
