There's a world outside  
And I know, cause I've heard talk  
In my sweetest dreams  
I would go out for a walk  
But I don't think I'm ready yet  
I'm not feeling up to it now  
I'm just not that steady yet  
And I don't need you telling me how  
There's some happiness  
And my stone face cracks again  
Maybe sometime sooner or later  
But I don't think I'm ready yet  
I'm not feeling up to it now  
I'm just not that steady yet  
And I don't need you telling me how  
So if I leave my room

Don't you tell me to lighten up  
Maybe sometime sooner or later  
But I don't think I'm ready yet  
I'm not feeling up to it now  
I'm just not that steady yet  
And I don't need you telling me how  
I don't need you telling me how  
I don't need you telling me how  
I don't need you telling me how  
I don't need you telling me how  
I don't need you telling me how  
I don't, I don't need you telling me how
