She's got her life living in her heart
She's got these eyes well where do I start?
Like looking at the deep night sky
So many worlds inside her eyes

She's a spectacular girl

Part of the job of being a man
Is knowing when to let go of her hand
A kind of power it can't be reined in
To hold her back would be a sin
She's a .. anekatips
Spectacular girl

She sees the beauty in things we all miss
All good things are to find by the kiss
If you feeling like you can't believe
Well then how do you explain the miracle I see
She's a spectacular girl
Spectacular girl

Not a desire and not a need
somethings just happen because they have to be
I'm gonna get there, I'm telling you sir
I'm a man on a mission and I'm all about her
She's a spectacular girl
Spectacular girl

Oh yeah
My love
