Ford it again missing in the crowd,
a friendly voice, calling clear and loud
my big mistake, thinking that I knew,
how to get by, independent on you

The imatures, they have the chance
quick to forget who brought em to the dance
loyalty is pair amount to me,
it's dirty clear we make a winning team

We gotta stick together,
that's right we gotta stick together, that's right

Stay confident, do when I'm okay,
with anything you may do or you may say,
we're always in, quite good company
if I'm with you and you know you out with me

It's me and you, taking all now our comers,
watching it fall and nothing could be funner,
the challenges, only make us stronger,
outlast among, forever maybe longer

We gotta stick together,
that's right we gotta stick together, that's right
We gotta stick together,
that's right we gotta stick together, that's right

Battle stations, gotta made the guns now,
every way you look and now they try to take us down

We gotta stick together,
that's right we gotta stick together, that's right
We gotta stick together

Honorable the only thing to do
you count on me 'cause I gotta count on you
I'm gonna repair everything I owe,
we just get ready, this is the real show

We gotta stick together,

that's right we gotta stick together, that's right
We gotta stick together,
that's right we gotta stick together, that's right
Let's stick together!
